creating better environments

FLOORING SYSTEMS

# MAKING SPACES INTO PLACES...

We like to think that the floor coverings that we design and manufacture provide an inspirational basis for interior designs. We aim at helping you create inspiring and high performing interiors which leave lasting impressions. With Forbo you get more than a floor.

### GENERAL PURPOSE PROJECT VINYL

Forbo's Eternal collection offers designers an extensive range of designs, all with the same performance specification, including realistic wood effects, stone and abstract designs, a broad palette of colours and some imaginative digitally printed visuals which are designed to inspire.

Eternal design vinyl sheet meets all the functional and practical requirements demanded in such segments as Health and Aged Care, Education, Office, Retail and Leisure & Hospitality.

#### PUR Pearl & PUR wood Pearl

The majority of our Eternal designs feature Forbo's proven PUR Pearl lacquering protection technique. The technique for applying the lacquering layer ensures an even distribution of PUR Pearl on both the surface and in the deeper areas of the embossing. This helps to prevent the surface of Eternal becoming soiled and reduces maintenance costs.

Eight items in the Eternal Wood range are finished with a specific PUR Wood embossing, offering the best possible performance on an all over wood grain design with integrated Pearl effect. The matt embossed lacquer layer ensures the highest level of both chemical and scuff resistance.

New for 2018, our Eternal de Luxe range delivers high design and exceptional embossing with the convenience of a sheet vinyl product.

#### Creating better environments

- Our general purpose vinyl ranges contain approximately 50% recycled content in their backing.
- We produce all our vinyl in Europe where it meets the highest possible current and future REACH compliance standards for chemical content.
- 100% of electricity comes from renewable sources and our vinyl production sites are part of an effective environmental management system, achieving ISO 14001 certification.
- We use smart material constructions and durable finishes on our vinyl. A micro-embossing technology reduces the need for chemical cleaning and increases the floor's lifespan.
- Through our Back to the Floor scheme, we can collect installation off-cuts from our smooth vinyl floor coverings.

Buildings such as care centres, education facilities and public offices benefit from having clean, hygienic and safe floor coverings. Eternal heterogeneous sheet is available in a wide variety of close-to-nature designs of wood, stone and material expressions that allow an interior space to take on a homely, natural look and feel whilst offering an easy to clean and maintain solution. Eternal is phthalate free, REACH\* compliant, low emitting and guarantees lasting appearance retention in heavy traffic environments.

132

### eternal® wood

The Eternal Wood collection contains a large variety of realistic wood designs and plank sizes, including some multi-width plank designs.

136

### eternal® material

This modern collection of textiles, metals and stones which create a soft, elegant look and feel.

138

### eternal® colour

From bold solid colours, to subtle colour gradients that run along the full width of a roll, Eternal Colour offers an inspiring choice of colour and design.

140

### eternal® original

Eternal Original is offering you many possibilities for use in many different applications. The quality of Eternal Original will never disappoint you, it has a very good performance and long lifetime, guaranteed by the proven technology of our PUR protection.

142

### eternal® de luxe

Eternal de Luxe is part of the Eternal product offer. It creates better environments in which to work, live, interact, relax, heal, learn and play. Eternal is always giving you reliable and beautiful solutions. Eternal de Luxe is focused on high end design, performance and comfort.

# eternal® original

Eternal Original is offering you many possibilities for use in many different applications. The quality of Eternal Original will never disappoint you, it has a very good performance and long lifetime, guaranteed by the proven technology of our PUR protection. The high % of recycled content in the backing contributes to a positive sustainability profile. The collection offers a wide variety of wood types and sizes, a contemporary pallet of colour choices and much appreciated original concrete and smaragd design.

Description	5' x 6' vinyl
Dimensions	Roll width: 2m Roll length: 54.5m
Total thickness	EN ISO 24346 2.0mm
Thickness wear layer	EN ISO 24940 0.7mm
Collection size	30
Application	EN 10874 34463
CE	EN 14061
Reaction to fire	EN 13501-1 B-s1, L, F, S5
Slip resistance	EN 13893 p1-s330

## SAMPLE SERVICE

We realize how important it is to physically see a product sample before purchasing our floor coverings. There are many ways to order larger sample formats. This can be done via email, via a contact to our customer service department, via our sales accountants and via the Forbo Flooring systems websites. Your samples will be dispatched the same day your request is made. You can also check with your local sales rep whether you can pick the samples up from a showroom or dealer near you.

## CREATING BETTER ENVIRONMENTS

We use several transparent independent third party certification systems for our flooring products. We're also keen to include our products in the building rating systems for a sustainable environment.

From how they're made to how they perform, we make outstanding floors that are truly sustainable. That's because our floors are good for people, good for buildings and good for the environment. So, from the building they're in to the world outside, we're helping our customers work, live and relax in better environments.

### It's about the things you can't see

A Forbo floor is always beautiful and stylish to look at. A floor that's comfortable to live, work and play on, but looks aren't everything; often, it's the things you can't see that really matter.

### From how it's made, our footprint...

From how we run our factories to how we choose our ingredients, the way we make our floors is a big part of how we meet our mission to create better environments.

### ...To how it performs, Your footsteps...

We include the whole life of a floor when we think about its sustainability performance. Which means we make sure our floors start performing from the moment they're fitted. The following page shows some examples of our sustainability initiatives. For more details, please visit our website [www.forbo-flooring.com](http://www.forbo-flooring.com)

### Green information

We provide environmental data sheets for our products which are available online. Please visit [www.forbo-flooring.com](http://www.forbo-flooring.com)

We also provide high quality electronic information such as **BIM models** with all the relevant and up-to-date information included. Visit [www.forbo-flooring.com](http://www.forbo-flooring.com) to find out more.

### SITE CERTIFICATION

As well as reducing our impact on the planet, we're also working on caring for the people that touch our business, from employees to suppliers. That's why all our UK manufacturing facilities and most of our sites in Europe are certified to **OHSAS 18001 – Occupational Health and Safety** and **SA8000®**. The SA8000 Standard, established by SAI and one of the world's pre-eminent social standards, is a tool for implementing international labour standards to protect workers along each step of the supply chain.

Forbo Flooring Systems is part of the Forbo Group, a global leader in flooring and movement systems, and offers a full range of flooring products for commercial and affordable housing and new build markets. High quality linoleum, vinyl, textile, flocked and entrance flooring products combine functionality, colour and design, offering total flooring solutions for any indoor environment.
